

Lab 0: Introduction to EEL3701C

Requirements Not Met

<insert any requirements you are unable to meet, for whatever reason – if none, write N/A>

Problems Encountered

<summarize all issues you had while working on this lab>

Applications

<briefly describe potential applications of the content you learned in this lab>

Pre-Lab Questions

1. When are your pre-lab submissions due?

They are due at 11:59 pm the Sunday before your lab.

2. What, if any, is the late penalty for pre-lab submissions?

The late penalty is 25% and can be submitted up to 1 day late.

3. How are you to submit your pre-lab submissions?

Through GitHub using the structure seen in the report templates.

4. If you miss your lab (or are more than 20 minutes late), can you make up the lab? Can you drop multiple labs?

You may drop 1 lab unless you have documentation for two labs giving an excused reason for the miss. With documentation, the lab can be made up with another section.

5. Who should you contact regarding anything lab related?

The PI aka the lab instructor.
